

Important announcement for Canadian Customers!

We are pleased to announce that Canadian customers no longer have to buy **Belliss** genuine spare parts from Gardner Denver USA. From January 1st 2010, all orders for Belliss service and spare parts should be directed to CompAir Canada at one of the 3 Canadian branch locations below.

CompAir Canada is a Gardner Denver company and is now the factory authorized sales and service point for Canadian customers. We are pleased to announce that Jack Woodhouse has joined the CompAir Canada team in order to provide ongoing service and support.

How will this change affect Canadian customers? Here's how;

1. Jack Woodhouse is now supported by the CompAir team right here in Canada. Our parts team is knowledgeable and experienced in all reciprocating parts including Belliss & Morcom, Joy, AF and IR.
2. In addition to Jack, CompAir has 13 field service technicians who are able to provide back up should Jack not be available. For 2 man jobs we have the manpower.
3. CompAir Canada will hold extensive Belliss parts inventory on the shelf in Canada.
4. All parts orders will be placed on a Canadian company. You'll buy in Canadian dollars and will not have to worry about bringing parts across the border.
5. CompAir has a good selection of used and rental equipment that can get you out of a jam.

CompAir Canada can offer you a level of service that other smaller 'pirate' operators cannot. We will provide factory genuine parts at a competitive price supported by a knowledgeable local service team. We look forward to serving you in 2010!
